A bold strategic plan emphasizing entrepreneurship and innovation has resulted in new and additional seats at the board table. To ensure a mix of talents and experiences, Partners for Care is particularly interested in candidates who possess **any** of the following:

- Communications and marketing expertise
- Business professionals with an entrepreneurship mindset or experience
- Information technology development and ethical oversight knowledge
- Individuals from the Northern health zone

Healthcare leadership and governance experience are additional valued skill sets. Applicants from across Nova Scotia are sought.

Board appointments are for a three-year, renewable term with an expectation of committee participation.

Partners for Care is committed to equity and diversity recognizing that every individual contributes unique capabilities, personal beliefs, and experiences. PFC welcomes submissions from all people.

The Board of Directors is accountable for PFC performance against mission and strategic objectives and the effective stewardship of financial and human resources. This engaged board works collaboratively in the best long-term interests of PFC through informed decision-making, a broad knowledge base, and an inclusive perspective.

In keeping with best board renewal practices, the Partners for Care Chief Executive Officer will support and orientate new members.

If you share the vision to improve health care in Nova Scotia, please send your resume and cover letter to Angela Mitton at [amitton@kbrs.ca](mailto:amitton@kbrs.ca).
