Vice President and Chief Financial Officer

About Brockville General Hospital

Located in charming and historic Brockville in the heart of the Thousand Islands region, Brockville General Hospital provides a close-knit, collaborative work environment where you can make an impact on the lives of those we serve.

Through teamwork, partnership, and the support of our community, we are known for local access to care, building modern diagnostic, surgical and healing spaces to address the challenges facing our healthcare system. As a result, we proudly offer a range of services to deliver quality, compassionate care to the 100,500 people living within our catchment area.

Brockville General is the largest employer in Leeds Grenville. Our team consists of 1,050 staff, 160 physicians, 200 volunteers and 500 students annually. We offer meaningful career opportunities, along with the tools and the means to become a vital member of a vibrant community, all with little commute time. With a budget exceeding \$125 million and strong working relationships with local and regional partners, our hospital has a solid foundation to fulfil our vision of achieving excellence together.

Join Brockville General as our Vice President & Chief Financial Officer and be a part of our team growing and transforming healthcare across our community and region.

The Vice President & Chief Financial Officer (VP & CFO) is a member of the Hospital's Senior Leadership Team and is an active participant in the development, implementation and monitoring of the Hospital's mission, vision, values and strategic plan. The VP & CFO will work closely with colleagues, services and programs to champion a culture of continuous improvement and visible performance.

This position is accountable for the development and management of corporate programs and services in the hospital and for providing leadership and direction to the Senior Leadership team and the Board of Governors regarding fiscal policies, practices and programs. The VP & CFO will also assume accountability for a support/clinical support portfolio and is responsible for ensuring that service delivery strategies align with the corporate mission and operating plan priorities.
