

Brightshores Health System

Vice President, Finance & Development and Chief Financial Officer (CFO)

Brightshores Health System is a multi-site health care corporation which operates six hospitals and a mental health wellness and recovery centre in the beautiful and inviting Grey Bruce region. With a team of 2,100 dedicated and compassionate staff and over 200 physicians who work together delivering excellent patient care to residents and visitors across Grey Bruce, the organization has more than 200,000 patient visits per year and over 2 million short-stay seasonal visitors. By uniting their entire health system of hospitals, services, and programming across their geography, and expanding provided services, Brightshores has grown by over 25% in the last 4 years, creating an opportunity for continued service and physical growth. A recognized leader in rural healthcare, Brightshores Health System (Brightshores) services a large geographical area surrounding Lake Huron and Georgian Bay and offers a remarkable four-season lifestyle somewhat removed from the pressures of the GTA but close enough to everything you want and need.

Reporting directly to the President & CEO, the Vice President, Finance & Development and Chief Financial Officer (CFO) is a member of the senior leadership team and provides strategic leadership and direction in setting and achieving the objectives of the organization aligned the mission, vision, values, and strategic priorities of Brightshores. The CFO leads the financial stewardship for the organization and utilizes best practices to implement financial, procurement and business intelligence systems compliant with regulations and legislation in an environment that informs the organization for decision making, clinical planning and supports excellence in the delivery of patient care.

The ideal candidate is a strategic visionary, blending astute financial acumen with a forward-thinking approach. Eager to further develop their skills and experience, they bring a keen eye for cost-effective solutions and will possess a unique ability to chart a course for initiatives that extend beyond immediate needs, encompassing long-term sustainability and growth. With a proven track record in capital replacement planning oversight, they have navigated the complex terrain of asset management with finesse, ensuring the hospital's infrastructure remains resilient and adaptable to evolving demands. Most importantly, they are a strong communicator and collaborator, adept at engaging both internal stakeholders and external partners in fostering a culture of accountability around the organization's finances. Through transparent communication and a shared commitment to fiscal responsibility, they inspire confidence and drive collective efforts towards achieving financial excellence and sustainable success. For the right individual, this could be an excellent opportunity to advance their career to the next level and support a clinical transformation.
