

## Vice President, Clinical (2)

Are you ready to make a significant impact in one of Canada's fastest-growing healthcare regions? Halton Healthcare is a leading multi-site healthcare organization with an outstanding record of performance, and a focus on safe quality patient care. The organization's three community hospitals – Georgetown Hospital, Milton District Hospital, and Oakville Trafalgar Memorial Hospital – are integral to the health and wellness of almost 400,000 residents and resolute about delivering responsive, safe, and exceptional care to their patients. The workforce includes 7,500 employees, professional staff, and volunteers, with an annual operating budget of approximately \$750M.

### The Position

Halton Healthcare is on the cusp of a significant organizational transformation, driven by a commitment to integrated health services and exceptional patient care. The new Vice President, Clinical roles will be crucial for supporting this evolution and enhancing Halton Healthcare's stature as a leader in healthcare innovation. As the VP, Clinical you will be instrumental in overseeing and executing strategic initiatives such as "One Halton Healthcare", a vision building on a legacy of excellence, partnership, and community engagement to create a seamlessly integrated health system across our hospitals and community sites.

Reporting directly to the Executive Vice President, Clinical Operations and Chief Nursing Executive, your mandate will be to lead strategic and operational initiatives in clinical service delivery that align with Halton Healthcare's vision of *Exemplary patient experiences, always*. This role is centered around driving clinical excellence, enhancing patient care standards, and implementing innovative projects that improve operational effectiveness. Your leadership will be instrumental in elevating the patient experience, emphasizing excellence, quality improvement, and best practices, while also playing a key role in maintaining Halton Healthcare's high standards of clinical care and spearheading innovative projects that drive the organization forward.

### Experience

The successful candidate will be an experienced healthcare executive, capable of navigating complex, multi-site operations within a dynamic healthcare environment, and a proven ability to champion and lead the advancement of Halton Healthcare's strategic goals. You will be a highly collaborative leader with a passion for patients, people, and high-quality performance. In addition to having strong credentials and a proven track record in clinical leadership/clinical program operations, you will be an exceptional relationship developer with a history of working with high-performing teams and achieving results through excellence in execution. Additionally, you are a champion of diversity and innovation with a solid track record in leading patient engagement, system integration, and clinical transformation.
