

Corporate Member Benefits

The College

Reaching LEADERS who make DECISIONS

Healthcare in Canada is a multi-billion dollar business. If you provide products or services to the healthcare system, you need access to the right people to reach that market. The Canadian College of Health Leaders, also known as the “College”, represents a nationwide membership of more than 3200 leaders from all sectors of healthcare including 500 industry leaders.

Bringing together health leaders from across the public and private sectors, the College creates extraordinary opportunities for connections and networking that lead to new business opportunities and partnerships. By supporting our corporate members in advancing their value proposition and business models, we are helping transform our health system for the benefit of all Canadians.

BUILD YOUR NETWORK

Ensuring a transparent, compliant environment, industry partners connect and learn from public-sector health executives while making valuable business contacts and building partnerships with health system leaders. Let us help your company better position itself in the healthcare market.

DEVELOP YOUR STRATEGY

Through our exclusive network of public-sector health leaders, gain invaluable insight at a Health Professionals’ Roundtable for Strategy (HPRS™) session customized to your specific business proposition/issues. This is a must to keep industry on top of the complex challenges facing the healthcare system.

INCREASE YOUR VISIBILITY

Give back while building your company’s profile at our annual National Health Leadership Conference, at a chapter event, or by sponsoring a national award for outstanding health leadership. Enjoy additional benefits and discounts on College activities such as sponsorship, advertising and HPRS™ sessions.

JOIN YOUR COMMUNITY

Whatever your sector, industry, or discipline, at the College you will find a community of like-minded leaders driven by their passion for improving care for Canadians.
